

This acceptable use policy (AUP) sets out the terms between you and us under which you may access our Software & Website. This AUP applies to all users of, and visitors to, our site, as well as those visitors who sign up to our Services. Your visit to, or use of, our site means that you accept, and agree to abide by, all the policies in this AUP.

We may change the AUP to reflect changes in law, regulation or accepted industry practice by posting any changes on our site. It will be your responsibility to check our website frequently for updates, as they are legally binding on you.

We will determine, in our discretion, whether there has been a breach of this AUP through your use of our site. When a breach of this AUP has occurred, we may take such action as we deem appropriate, including:

- Immediate, temporary or permanent withdrawal of your right to use our site and or SaaS
- Issue of a warning to you;
- Legal proceedings against you for reimbursement of all costs on an indemnity basis (including, but not limited to, reasonable administrative and legal costs) resulting from the breach;
- Further legal action against you; and/or
- Disclosure of such information to law enforcement authorities as we reasonably feel is necessary.

If you have any questions about this AUP, please contact us at admin@brytsoftware.com

1. Internet Abuse

You may not use our network to engage in illegal, abusive, or irresponsible behavior, including:

- unauthorized access to or use of data, services, systems or networks, including any attempt to probe, scan or test the vulnerability of a system or network or to breach security or authentication measures without express authorization of the owner of the system or network;
- monitoring data or traffic on any network or system without the authorization of the owner of the system or network;
- interference with service to any user, host or network including, without limitation, mail bombing, flooding, deliberate attempts to overload a system and broadcast attacks;
- use of an Internet account or computer without the owner's authorization;
- collecting information by deceit, including, but not limited to Internet scamming (tricking other people into releasing their passwords), password robbery, phishing, security hole scanning, and port scanning;
- use of any false, misleading or deceptive TCP-IP packet header or any part of the header information in an e-mail or a newsgroup posting;
- use of the service to distribute software that covertly gathers information about a user or covertly transmits information about the user;
- any activity or conduct that is likely to result in retaliation against our network;
- any activity or conduct that is likely to be in breach of any applicable laws, codes or regulations including data protection;
- introducing intentionally or knowingly into the Service any virus or other contaminating program or fail to use an up to date virus-scanning program on all material downloaded from the Services;
- sending unsolicited e-mails ("spam");
- misrepresenting yourself as other computer networks and users; or
- any activity or conduct that unreasonably interferes with our other customers' use of our site or Services.
